

EDGERS

RedMax edgers are lightweight and efficient, yet tough enough to handle nearly any terrain. Advanced features include high torque cutting to prevent stalling and an open-face, clog-resistant guard made of sturdy aluminum and vibration dampening.

Strato-Charged® engine is a pure 2-stroke engine without using a catalytic converter

Open-face aluminum guard resists clogging

Durable trigger is virtually unbreakable

Ergonomic, lightweight design reduces fatigue

Some features not available on all models.

CURVED SHAFT EDGERS

RedMax curved shaft edgers are used primarily in loose or soft soil areas where less power is needed.

HEZ230F

Curved shaft edger that's built for commercial use with a powerful, reliable, balanced design.

HEZ260F

Curved shaft edger for commercial use. Powerful, reliable and durable design is built to withstand daily use.

STRAIGHT SHAFT EDGERS

RedMax straight shaft edgers deliver the best transfer of power and are used in very difficult soil or clay.

HEZ230S

Straight shaft edger that's built for commercial use with a powerful, reliable, balanced design.

HEZ3060S

Our most powerful edger, for the most demanding commercial use. Straight shaft design.
